- Vertical touchpad for easier-than-ever navigation
- Built-in microphone for voice recording
- Powerful rechargeable battery for up to 16 hours of playback
- Elegant design with high-quality aluminum casing in different trendy colors

H10 [5GB pure]

The feather-weight MP3 all-rounder puts more color in your life and delivers optimum sound without compromise

The iriver H10 [5GB pure] is your perfect music companion with room to store more than 2,500 songs. It's packed full of innovations and is another member of the highly acclaimed H10 product line. Its design concept is particularly striking with its high-quality aluminum construction in different color versions and its amazingly easy operation via the integrated touchpad. As the first player in its class, the iriver H10 has a high-contrast color display with up to 260,000 colors.
This not only makes intuitive navigation easier, it also lets you display a slide show of your latest holiday photos. Thanks to its compact dimensions and feather-light weight of only 96 grams, this sound sensation fits neatly into any shirt or pants pocket. The built-in microphone lets you make voice recordings directly in MP3 format and the optionally available docking station allows you to record directly from virtually any other source. The H10's replaceable battery is a real power pack and provides for up to 12 hours of continual playback.
